Navigating the My Health Record Home Page

This is the My Health Record **home page**.

The screenshot shows the My Health Record home page for user Liza Potter. At the top left, it says 'Health New Zealand | My Health Record Te Whatu Ora'. On the top right, there is a user profile 'L Liza Potter' and a 'Log out' button. Below this is a navigation bar with links for 'Home', 'Immunisations', 'Results', and 'Personal details'. The 'Home' link is underlined. A large teal banner with a geometric pattern contains the text 'My Health Record'. Below the banner, a light blue box displays the user's name 'Liza Potter', NHI number 'ZBF3475', and identification level 'Complete' with three green dots. A message states 'You have full access to your health records.' To the left, there is a section for 'Immunisations' with a description and a 'View immunisations' button. To the right, under 'I want to...', there is a list of actions: 'Book a vaccination', 'Get a COVID-19 test', 'View My Health Account details', 'Add children under 12', and 'Make a general enquiry', each with an external link icon.

Navigation Bar:

You can access your immunisation record, COVID-19 test results and My Health Record profile by selecting the words on the navigation bar.

This close-up screenshot highlights the navigation bar. It shows the same top header as the previous image. The navigation bar contains the links 'Home', 'Immunisations', 'Results', and 'Personal details'. The 'Home' link is underlined and is enclosed in a red dashed rectangular box.

Identification level:

The identification level shows which level of identity authentication you have for your My Health Account log-in. This will show as either 'Basic' or 'Complete'. The amount of information you can see on My Health Record depends on which level of authentication you have. You can see more information if your identification level is 'Complete'.

Navigating My Health Record Home Page (cont)

I want to....

The 'I want to...' section contains links to help you to take specific health-based actions. Select each section to start this process.

I want to...

Book a vaccination	
Get a COVID-19 test	
View My Health Account details	
Add children under 12	
Make a general enquiry	

Navigating to My Health Account:

If you would like to view or update information held in your My Health Account, scroll to the bottom of the home page and select the 'Go to My Health Account' button.

My Health Account

View and update your details, add tamariki to your account, and access secure online health services.
